Developed a bespoke, interactive performance analytics dashboard, implemented at a professional EFL football club for the past 2 seasons.

## WORK EXPERIENCE

**ISIO, Manchester Summer Intern (Actuarial & Consulting):** July – August 2025

Pensions consulting experience using advanced Excel for actuarial calculations, valuation reports, and large dataset analysis.

Presented a six-week global employee benefits project, using market research to identify expansion opportunities.

**Jamieson Corporate Finance, London Summer Intern:** June 2025

Data research and consolidation on private equity market portfolios. Benchmarking and data analysis for client presentations, using data-driven financial modelling including LBOs, Value Creation Plans, Capital Raising and equity incentives.

**Saudi Aramco Headquarters: KSA,** September 2024

Work experience observing how large-scale financial data drives strategic decision-making across Investor Relations, corporate structuring, and Intellectual Property. Examined capital markets, Tadawul performance, diversification, and IP commercialisation.

**Morgan Stanley, London:** Step-in, step-up program July 2022.

Attending the London office program provided valuable insight into the workings of global investment banking, M&A, corporate finance, and trading activities.

**DaVita Inc International and LATAM Headquarters, London & Bogota,** February & July 2020

Supported strategy, finance and Enterprise Risk Management teams, using healthcare data to assess patient outcomes, health equity and operational risk. Contributed to risk mapping and strategic market discussions, working in English and Spanish.

**Ramsdens Solicitors LLP, Conveyancing Assistant:** September 2022 – July 2023 & July 2024-September 2024

Residential and commercial property, liaising with clients, lenders and solicitors to facilitate timely transactions

## EXTRA-CURRICULAR

- Regularly manipulate and analyse public data sets, creating independent projects for my portfolio linked above.
- Private tutor for GCSE students for 2 years across 4 subjects, creating strategic, achievable learning goals and progressions.
- Selected for and attended the University of Cambridge's Modern Languages Residential (2021).
- Ran several marathons and half-marathons, raising over £3,000 for charity.
- Represented West Yorkshire Cricket (2016–2019), alongside captaining both school and club teams.
